

Bomb Threats & Suspicious Packages

This online training course is designed for the use of all employees. It explains to the user that it is essential to remain alerted to the possibility of terrorism in the workplace.

The course, which is broken down into two sections, covers how to react to a telephone bomb threat and what information should be collected for the police, how to recognise a suspicious package, and how to evacuate your workplace in a dangerous situation.

COURSE CONTENTS

The course covers the following elements:

- Identifying Risk
- Evacuation & searches
