

GDPR UK Advanced (Management) Training

Our UK GDPR Advanced training is suitable for staff at a managerial level or anyone who is heavily involved in the creation, implementation, and management of data protection policies and procedures in their business.

This course can be completed in 65 minutes and by the end of the course users will have an in-depth understanding of the 7 Principles of the UK GDPR and understand who has responsibilities under this Regulation.

COURSE CONTENTS

The course covers the following elements:

- A Little Bit of Background
- The Principles of the GDPR
- Individual Rights
- What Have You Learned Today?

SHAPING THE WAY BUSINESSES OPERATE
