

GDPR for Management

This UK GDPR Advanced Training is aimed at staff who enforce or manage data protection at their organisations.

In this online course, staff will understand what they need to do to create a system of procedures and policies which help you keep data safe and avoid a breach. They will also learn about a brief history of the GDPR, the principles of the GDPR in the UK, how to comply with the principles & their role in upholding data protection rights.

This advanced training is for employees who not only need to know about their duties and responsibilities under the GDPR in the UK, but for those who are enforcing, or managing data protection in their workplace.

COURSE CONTENTS

The course covers the following three elements:

- Understanding the background
- The 7 Principles of the GDPR
- Individual Rights

SHAPING THE WAY BUSINESSES OPERATE
