

Sexual Harassment Awareness

The online Sexual Harassment Awareness Training course has been designed to help raise awareness of sexual harassment in a workplace. It provides an insight to users on the grey-areas surrounding sexual harassment, and offers guidance on identifying, preventing, and removing sexual harassment from the users place of work.

This 25 minutes online course provides users with a certificate upon completion of the three sections and the end-of-course test.

COURSE CONTENTS

The course covers the following elements:

- Sexual Harassment Awareness
- Identifying Sexual Harassment
- Confronting and Reporting Sexual Harassment
